System administrator

WHO AM I?

GNU/Linux Guru Hacker

Geek, Hacker, amateur Photographer, Free Libre Opensource Software lover. Using GNU/Linux distributions since my adolescence, I quickly began in love with FLOSS and work only with it. I try to use proprietary software as much as possible.

EXPERIENCE

2011 – 2019

System administrator

Evolix

Sysadmin at Evolix, a french open source managed hosting provider. Managing a pool of 700+ servers for our customers. I covered many aspects, from building an infrastructure from scratch to final production, monitoring and managing customers needs.
